

Scene-setting presentation:

Energy planning to drive investment

9 September 2024, Bonn, Germany

Asami Miketa
Head of Energy Transition Planning and Power Sector Transformation
IRENA

If done properly, Long-term energy planning can...

- Align stakeholders.
- Expedite project implementation.
- Avoid investment mistakes.
- Reduce uncertainties in policy direction and project selection.
- Mitigate investment risks for energy transition projects.

*Summary from
discussion with
Planning Officials.*
